14 June 1967

MEMORANDUM FOR THE RECORD

Morning Meeting of 14 June 1967

Godfrey called the Director's attention to an attaché cable from Tel Aviv on the U. S. S. Liberty.

Kent reported that all but one of the footnotes have been removed from the Soviet atomic energy program Estimate. The one remaining is of no consequence. The Director asked Kent to let the DDCI know if USIB can be canceled.

The Director discussed with Kent the possible need for Special Estimates and agreed that ONE should proceed with a broad Soviet posture memorandum to be ready next week, after which the question of community coordination can be examined.

K1 DD/I said that the [ ] memorandum on Soviet tactics in the U. N. should be ready today.

DD/I suggested a need for a political assessment of each Arab country. Kent felt that much of this will be in the Soviet-Middle East posture memorandum.

DD/S reported that the Savings Bond Campaign, which ended on 2 June, showed progress in comparison with last year.

K1 Bross said that [ ] has asked for advice on an invitation to appear on a Boston television program concerning the "value of CIA." The Director gave guidance.

The Director noted that he had circulated to the members of the Executive Committee Walter Pforzheimer's review of Roger Hilsman's book.

Bross reviewed the PFIAB schedule for Thursday and Friday.

DD/S&T reported on activity at the ChiCom missile test range.

25X1

DDCI noted Walt Rostow's continuing interest in the Hanoi thermal power plant.

The Director asked Godfrey to examine carefully each report on Soviet materiel being sent to the UAR and other Arab countries and to be specific as to what equipment we could identify. DDCI suggested the inclusion of more information on the space-weight cargo capabilities of the AN-12 and IL-18.

The Director reminded that there will be no Morning Meeting tomorrow.
